Worksheet for Reflections and Applications of Teaching and Learning

Session: Understanding the University Context: Aligning Teaching w/ Different Institutional Types & Missions Thursday morning

What skills and techniques did I learn that will help me become a better educator?

Materials & activities that are scalable and require participation can be applied & implemented to fit the context of the University goals and student expectations.

What things am I still uncertain about regarding this topic that I need to investigate further in the future?

How will our institution's size affect my ability to collect formative ~~the~~ assessments? Will there be tech. challenges? How much time should be dedicated to collecting these types of assessments at each type of institution?

How can I apply materials from this session to my own class to enhance the effectiveness of teaching and learning?

Modify teaching philosophy/objectives to match the universities expectations/requirements and meet the stated needs of the students.
